

## MEDIA INFORMATION

### 10 YEARS PERFORMANCE in the Kunstraum Niederoesterreich

Since ten years the Kunstraum Niederoesterreich has stood for artistic innovation and cutting-edge performance art. In the framework of its jubilee programme the Kunstraum presents emerging and internationally established positions in feminist performance art. Looking into the past as well as to the future, the programme is conceived as an invitation for exchanges between generations. Events with international guests – like the performance artist Martha Wilson and the media artist and professor for new artistic media Ulrike Rosenbach accompany the exhibition programme.

For the next point on the jubilee agenda the Kunstraum goes beyond borders – also spatially – in a collaboration with the start-up enterprise *Hobby Horse Ltd.*, which will offer its services in the framework of *donaufestival* in Krems. On the second *donaufestival* weekend the Performatorium – Laboratory for a Contemporary Performative Practice will make use of the special Kunstraum Container location.

As an active member of the art community, the Kunstraum Niederoesterreich thought up a special proposition for artists and the public alike in its collaboration with *donaufestival*. Given the latest developments in cultural policy-making in Austria, the Kunstraum finds it imperative to strengthen art as a social motor and to send an important signal. On these grounds the Kunstraum Niederoesterreich invited the start-up company *Hobby Horse Ltd.* to provide artists and visitors with an opportunity to generate more time for the cultivation of their productivity. On Minoritenplatz in Krems *Hobby Horse Ltd.* will offer their services in the Kunstraum Container (free, registration on location).
